Please help NM residents succeed by incorporating residency requirements

On Thu, Jul 29, 2021, 10:38 AM John Molleur <jdmolleur@gmail.com> wrote:

I cannot locate requirements in the proposed rules for NM residency. Colorado has a stipulation for licensing of persons who have been a resident for 2 years prior to applying for a cannabis license.

without this type of stipulation, the out of state investors who have access to profits and resources NM residents simply do not have.

Will there be a stipulation to prioritize NM residents for licensing ?
