

Amended License Request Application

Please complete the below form to its entirety. Forms not completed to their entirety will not be accepted and deemed complete by the division. There is a \$75.00 fee associated with this request. All fees are non-refundable and must be paid via a cashier's check made out to the Cannabis Control Division. A licensee shall submit to the division an application form for an amended license, pay the required fee, submit any required documentation associated with the change and must obtain approval from the division, prior to implementing any type of amendment. Required documentation for specific amendments are listed at the end of this document.

 Applicant phone number: _____ Applicant email: _____
 Mailing address: _____
 City: _____ State: _____ Zip Code: _____

Business/Application Details

Applicants PAR (Preliminary Application Reference Number): _____
 Applicant's legal business name: _____
 DBA name (if applicable): _____

Type of Amendment requested:

Type of amendment being requested (check one):

- Material or substantial change of the size of the premises;
- Change in water source, or licensees water and energy conservation plan, including, the reuse of water and disposal of effluent;
- Increase in plant count beyond which licensee is currently licensed to produce (if license is already issued)
- Plant count increase or decrease (if license is not already issued)
- Start time and end time change
- Material or substantial modification of the premises; material or substantial changes requiring approval include:
 - (1) increase or decrease in the size of the premises, including the sale of property used for the cannabis establishment, the purchase of additional property for the use of the cannabis establishment, or a change in the location of the cannabis establishment;

- (2) a change in the licensee's access to the water source submitted with an application for initial, amended, or renewal licensure or a 10 percent, or more, increase in the licensee's water usage;
 - (3) change to a licensee's security system, including relocation or security points or installation of a new security system; or
 - (4) modification of the premises to relocate cannabis activities.
- Engaging in an activity which requires an addition or change of a license type.
 - Change or modification in extraction type(s) or equipment

Amendment information:

Is this request for an:

- Submitted application (not approved or issued)
- Issued license (application is approved and premise is operating)

Brief description of change:

Brief description of why change is requested:

Premise Details:

Physical Address: _____

City: _____ State: _____ Zip Code: _____

Square footage: Current _____ Adding/Changing: _____

New square footage: _____

Will the proposed expansion bring the licensed premises within 300 feet of a church or school?

- Yes
- No

Plant count information (if change requested):

If increasing plant count, plant count increase must be in increments of 500. No more than 4 increments of 500 at a time.

Current plant count: _____ Proposed plant count: _____

*Please note that if you are increasing your plant count, a plant count fee of \$10 per plant for recreational or \$5 per plant for licensees exclusively growing medical cannabis may be required prior to approval of this request. Additional required documents:

If your amendment is not included on the list below, no other documentation is required.

Water source changes-

For all water source changes, you are required to submit the following documents along with this request.

1. Documentation from a water provider that the applicant has the right to use water from the provider and that the use of water from cannabis production is compliant with provider's rules, or
2. Documentation from the office of the state engineer showing that the applicant has a valid and existing water right, or a permit to develop a water right, for irrigation purposes for outdoor cultivation, or a commercial purpose for indoor cultivation at the proposed place of use of the cannabis establishment. The documentation may include any of the following:

- a. a state engineer permit or license in good standing, but not including a permit issued pursuant to Sections 72-12-1, -1.1, -1.2, or -1.3, NMSA 1978;
 - b. a sub file order or decree issued by a water rights adjudication court;
 - c. the findings of an office of the state engineer hydrographic survey; or
 - d. other documentation the office of the state engineer has deemed in writing as acceptable to the office of the state engineer under this rule.
3. An updated water and energy use plan

Material or substantial change of the size of the premises OR Material or substantial modification of the premises change-

For changes to the premises, you are required to submit the following documents along with this request:

1. A proposed premise diagram for the premise. The premise diagram must include all items listed in the checklist for the type of cannabis activity that will occur.
Checklists can be found at our website at the following link
<https://ccd.rld.state.nm.us/adult-use-licenses-permits-and-fees/>
2. A copy of the applicable building permit; and
3. A new certificate of occupancy, if applicable.

Plant count increase requests-

For plant count increases, you are required to submit the following documents along with this request:

1. Proof of legal water source for new plant count
2. An updated premise diagram showing changes to production site
3. An updated water and energy use plan

Change or modification in extraction type(s) or equipment-

For a change or modification in extraction type(s) or equipment used in manufacturing, you are required to submit the following documents along with this request:

1. A proposed premise diagram for the premise. The premise diagram must include all items listed in the manufacture checklist.
2. A valid and current compressed gas extraction permit (if applicable)
